Evidence boundary

State what the source supports, what remains pending, and which claims must not be made without additional evidence.

Use for

Grant updates, signed filings, public notices, investor communications, or approved company milestones.

Avoid

Speculative commercial claims, unconfirmed partnerships, or incomplete funding events.

Announcement Body

Use factual wording and keep the event traceable to human-readable source evidence.

Headline and summary

State what happened, the relevant date or reporting period, and the source-backed importance.

Key figures

Use cards only for supported amounts, dates, identifiers, or reporting metrics.

What remains pending

Identify missing payment schedules, audit details, customer proof, or regulatory confirmation.

Investor relevance

Explain why the event matters for diligence, runway, financial transparency, or strategic progress.

Publishing test

If the event cannot be traced to uploaded evidence or an approved public source, do not publish it as an IR item.
